

To whom it may concern;

Recently we hired, Select Basement Waterproofing, to waterproof our basement we just wanted to say how pleased we were with the job. Jerome Fokas's presentation of the problem and solution were very visual and simply shown to us on his laptop.

The day of the job Jerome and his crew were very prompt and completed the work in the estimated time that we were told and expected. We were also very pleased how neatly they kept our house during and after the completed work, a very big plus. We would also like to commend how well mannered and respectful they were, especially since we have young children.

If you are ever in need of a waterproofing company, we highly recommend, Select Basement Waterproofing.
