Dear Select Basement Waterproofing,

We could not be happier with the job you did in our home. After one failed attempt at waterproofing our basement with a local business, we were not hopeful of ever finishing our basement and making a playroom for our girls. You and your team came in and worked quickly and professionally to correct our existing problem and offered us wonderful advice and guidance which has kept our basement dry for over a year. After the week of torrential rain we have just had we are feeling very confident that our basement is truly "waterproof". We are also pleased with the continued quick response you have provided in replacing our sump pumps. We were happy to refer you to some friends and they too have been thrilled with the job you did in their home in Spring Lake. Keep up the great work guys! Thanks again!
